ERRATA:
KNESER'S METHOD OF NEIGHBORS

JOHN VOIGHT

This note gives errata for the article *Kneser's method of neighbors* [1]; thanks to Eran Assaf.

(1) Example 5.4: the elliptic curve A is defined by $y^2 + y = x^3 - x^2$ (not $y^2 + y = x^3 + x^2$; a sign error).

(2) Before Theorem 5.9, should say $d^* := d, (-1)^{n/2}d$.
